

Stored Product Insect Inspection and Control

This one-day course is targeted at pest control operatives who have little experience of inspection and treatment of Stored Product Insects or who feel they will benefit from a refresher course on this topic.

The course will provide delegates with a sound knowledge of the common SPI pests and aid them in the process of inspecting, surveying, treating and controlling the activity of insects associated with stored products.

This course will contain the following topics;

- Definition and identification of Stored Product Insects
- Methods of inspection and survey
- Monitoring methods and tools
- Control techniques and Integrated Pest Management
- Report writing and customer communication
- Quiz

This course has been awarded 10 PROMPT CPD points.

Cost Members £165 + VAT
 Non-members £195 + VAT

Fee includes morning and afternoon refreshments, lunch, and handout material.

Cancellation

Cancellations can only be accepted on receipt of written instruction and are effective from the date received by the BPCA. Charges will be applied as per the table below:
